AFMD-2025 Invitation

It gives us immense pleasure to announce the 3rd International Conference on Advanced Functional Materials and Devices (AFMD-2025) for sustainable development scheduled to take place from March 3-5, 2025. Building on the success of the previous events held in 2021 and 2023, AFMD-2025 aims to provide a premier forum for researchers, academics, scientists, and students from around the world to share and discuss their latest breakthroughs, ideas, and innovations in functional materials for device applications. The conference offers a unique opportunity for experts and enthusiasts to exchange knowledge, foster collaborations, and cutting-edge advancements explore functional materials and devices. We invite you to join us at AFMD-2025 and contribute to the vibrant discussion that will shape the future of this exciting field.

<u>Technical Session</u>: The conference will comprise plenary, invited, and contributed papers. Contributed papers will be presented orally as well as during poster sessions covering recent developments in the areas listed above.

<u>Presentation:</u> Keynote lectures will be of 45 minutes duration. Duration of invited talk and oral presentation will be 30 minutes and 15 minutes, respectively.

<u>Publications:</u> Abstract booklet work will be published. Selected peer-reviewed papers will be published in Springer and other Scopus / Web of Science indexed international journals / Book Proceedings of repute.

- 1. Journal of Electronic Materials (JEM)
 (Scopus indexed Journal by Springer Nature)
 (JEM Impact Factor: 2.2)
- 2.Selected proceeding book volume Springer (Springer Nature, Singapore) (Scopus indexed Book Chapter)

 3. Selected proceeding book volume
- 3.Selected proceeding book volume
 (Springer Nature, Netherlands with Capital Publishing) (Scopus indexed Book Chapter)

Scope of Conference

(not limited to the following)

- Sensors, Transducer, flexible electronics
- Fuel cells, solar cells, and energy storage devices
- Materials for Energy Harvesting Applications
- Bulk and composite materials
- Materials for Biomedical Applications
- Systems for Environmental studies
- Applications of Carbon Nanomaterials
- Materials for Photonics and Optoelectronics
- Applications of Magnetic Materials
- Materials with Multifunctional Properties
- Theoretical methods for nanomaterials and nanotechnology
- Physics and application of heterostructures and superlattices
- Biocompatible systems for medical applications
- Advanced materials for Military applications
- High energy and particle physics
- Indian Knowledge System

Important Dates

- Abstract Submission Opens: Dec 10, 2024
- Abstract Submission Ends: Feb 10, 2025
- Acceptance Notification: Feb 20, 2025
- Registration Opens: Jan 01, 2025
- Conference Commences: March 03, 2025

Registration
